

MARTINE ROBERTSON

Chakra Immersion Contract

Welcome to the 2026 Chakra Immersion - 7 months 7 chakras Immersion!

We kick off Saturday 21st March 2026 (Harmony Day) and I am super stoked that you already trust me to take you on an adventure into the unknown for the next 7 months.

This journey is massive, and because it is all about you, it will naturally be raising some pretty big things so that your ego will doing every it can to project rather than take accountability for.

The signing of this document is about committing 100% to this process and knowing in your heart before you sign that this resonates fully with you!

See you in there.

CONSENT

- I am aware that the outcome of this course will vary by individual and cannot be guaranteed to achieve my own pre perceptions but is designed to shake things up and get you living your truth in highest accordance and alignment to all souls involved
- I am aware that it is me that has to show up to immerse myself and hold myself accountable, Martine has designed and rewritten this course for over 7 years and has modified it to create an immersion that is still very intense. It will raise the shadow as well as the light – for this I am most aware!
- I understand that some weeks will feel more intense than others and that some chakras will feel like I am just getting by and others will feel like I am on fire! I understand that being gentle on myself and seeking out further support in the way of 1:1 session may be the answer in this case.
- I understand that Martine Robertson is a registered homeopath and metaphysical soul conduit and **not a Medical Doctor**, and it is therefore recommended that **I retain the services of my GP/ Specialist for appropriate evaluations and check-ups and seek out guidance where necessary.**
- I further understand that Martine Robertson does not diagnose any disease or condition but assesses all individuals based on her spiritual perspectives.
- I agree to take the advice of Martine Robertson, to visit my GP/Specialist or another medical healthcare practitioner should she advise me to do so and that it is my personal responsibility to do so.

ZOOM & CONNECTION

I acknowledge and understand:

- That privacy and confidentiality of all that is shared in the group connections is a basic human right and that all involved will hold this in highest honour and respect.
- I will not share another story unless I have their full permission as I acknowledge that getting deep into very personal details are how we all learn and grow.
- I will not share the zoom link to anyone.
- I acknowledge all souls in the immersion with love and kindness and will look at what comes up for me first before I project onto another – mirror mirror

COURSE CONTENT

I acknowledge and understand:

- The immersion and the immersion content belong to Martine Robertson and cannot be shared to others or copied in any way.
- The login in is yours alone and must not be shared or shown to anyone who is not already within the course.
- The course will be available to you for 7 months from the time of commencement. I suggest saving your answers somewhere if you desire to reflect on them or writing them straight into your diary.

PAYMENT POLICY

It is our policy to receive payment for all services when rendered. We accept cash, direct debit and stripe. This is a big one for this course as it is important to commit to the process, trusting the journey you are about to embark. A chakra-by-chakra payment plan does not work for this course as it leaves room for your ego to drop accountability. It is important to know that this journey is complete after the final Crown Chakra immersion.

If you are meant to be here, you WILL find a way – this is in fact one of the big notices to yourself, spirit and me that you are ready for long lasting change!

CANCELLATION POLICY

You can cancel the course up until the course start date and then you are 100% in! Woohoo! You can choose to leave at any point however, that is on you, no refund will be offered as technically speaking, you will still be in the course and shall remain so whether you are conscious of that or not (insert evil laugh here).
